He is getting a lot of other stuff done ☺!! FT30335 was approved today. I believe they are setting that up for Monday 3/16. FT1004 should be done today. Terry was talking to Lonestar about oil that was left over and will have to be dealt with separately. I told LeRoy that was TCEQ's waste and they need to pay for it. I believe it's roughly 1500 gallons. Sounds like all the Republic vac boxes will be gone tomorrow and possibly the RCRA empty containers if they have time. The other three open top roll-offs of sand etc. have been shipped. I am working with Veolia on the last two vac boxes there are still some odor issues to deal with.

Leroy:

This is the list that we made up together last week. Where are we at on the progress of this list.
Thanks
